WALK – NATURE – CITY

# Green Girona:

## *A stroll through undiscovered nature*

A walk in and around the old quarters of Girona, where you will be surprised how nature gives meaning to the city's history.

With an easy pace, we will go from the old quarter to the hills outside the city walls and along the way you will discover what it means to be Mediterranean and how our healthy diet relates to the landscape and the most world-famous aromatic herbs.

A walk through fields, olive groves and forests that will culminate with beautiful views of the city and all the way to the Pyrenees, a different way to understand our culture: through nature.

An activity for nature enthusiasts and culture lovers who want to discover little known elements of our heritage.
